NeVA for Citizen empowerment

e-Constituency Management

e-Constituency module of NeVA connects citizens with their representatives through a ICT based grievance redressal mechanism and thus strengthening Democracy through e-Governance.

NeVA Promoting Swachch Bharat Sustainable Development

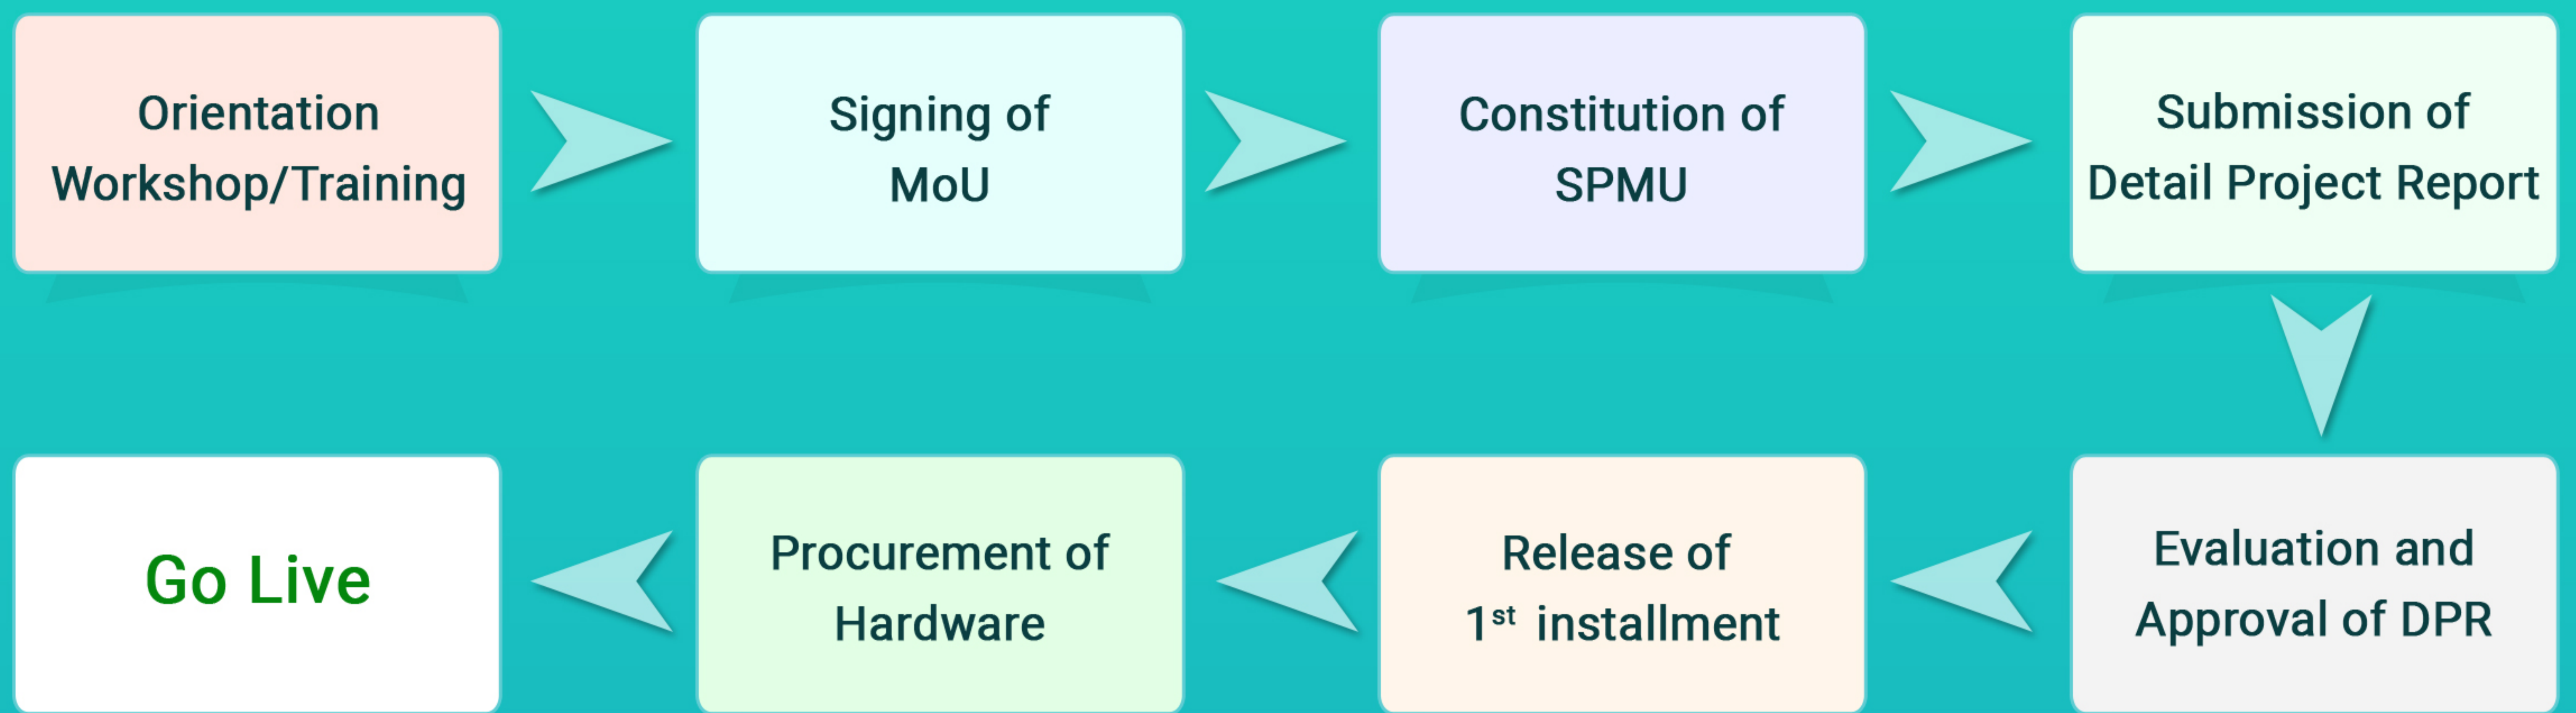

Paperless Legislature

Several thousand tons of papers would be saved, which in turn would help in saving lakhs of trees annually promoting cleanliness and achievement of UNDP Sustainable Development Goals(SDG).

Capacity Building/Hand Holding support by CPMU, NeVA

- ✓ Orientation Workshop & Training Given to State/UTs.
- ✓ Regular Video Conferencing support for clearing doubts of State/UTs working on various modules of NeVA.
- ✓ User manuals/video tutorials uploaded on NeVA website for helping users by Dedicated MYNeVA page.

Steps to on-board NeVA

Achievements

Bihar Council as 1st Digital House

Bihar Legislative Council became the first legislature in the country to install infrastructure / hardware for NeVA implementation. An inauguration ceremony also took place on 25th Nov, 2021 under the guidance of Hon'ble Chairman of Bihar Legislative Council. The legislature also ran its Winter Session - 2021 through NeVA platform.

Concept of One Nation-One Application

PM Speech during 82nd All India Presiding Officers' Conference Himachal Pradesh

"A real time detail of the working of all the houses should be available to the common citizen and also to all the houses of the country. For this a modern digital platform has been developed in the form of National e-Vidhan Application."

President during budget session Speech:

"The National E Vidhan Application i.e. NeVA will commence a new era in the legislatures businesses of the democratic processes in the country."

Digital eBook

About Us

- ✓ National e-Vidhan Application (NeVA) is an E-governance Project under Digital India Mission of the Government, which seeks to achieve the vision of “Digital House” by converting State Legislatures into “Paperless e-Assemblies”. NeVA enables Assemblies to transact entire Government Business on digital platform including exchange of information with the State/UT Government Departments in paperless mode and to publish the allowed contents on the public portal in real time.
- ✓ ICT tools based on NeVA help MLAs in preparing them for meaningful participation in the legislative debates & law making process and empower them to handle it smartly and efficiently. Thus NeVA is helping in democratising the legislative process. It will also provide data analysis and information processing services to ensure reliability, efficiency, transparency and accountability of all Stakeholders.
- ✓ NeVA integrates all the stakeholders like State Governments/ UTs, Assembly Secretariats, Legislators, Citizen on a single digital platform and allows free flow of information among them without any barriers.
- ✓ NeVA has a potential to save an amount of Rs. 340 Crores approximately per year from all State/UT legislatures, by saving several thousand tons of papers, which in turn would help in saving lakhs of trees annually and promote cleanliness in Departments and Secretariats. Thus NeVA initiative is in line with the “Go Green” initiative and “Swachh Bharat Mission” of the Government of India.
- ✓ The “Generic” NeVA framework with local add-on features will ensure seamless interoperability of data across all Legislatures. In this way NeVA seeks to save resources and also help in comparative studies of different Legislatures, which would enhance their efficiency and productivity and also strengthen our federal structure.
- ✓ **Following Legislative processes will be digitalized:** Question processing, List of Bussiness, Committee Management System, Bill Management, Reporter Section, eBook, Zero-hour proceding, Depatment/Ministry Module, Constituency Management System, Digital library & Archives.
